

## PHASE 5 BUSINESS PLANNING & PHASE 6 SUPPORTED IMPLEMENTATION: Decision Making Tool

Before you think about doing something differently it is a good idea to think through the pros and cons. It's an effective way to consider your options and then make better-informed decisions.

STAYING THE SAME	DOING SOMETHING DIFFERENTLY
<p><b>What is working in your business now?</b></p>	<p><b>How will your business improve by doing something differently?</b></p>
<p><b>Benefit of keeping things the same</b></p>	<p><b>Benefit of doing something differently</b></p>
<p><b>Risk of keeping things the same</b></p>	<p><b>Risk of doing something differently</b></p>

**Compare them. Are the risks worth it?**

**List the most important reason/s why you want to do something differently.**
